

# TO MAKE STUDY OF RAILWAY CONDITIONS

## HARDING DISCUSSES THE QUESTION WITH MEMBERS OF CABINET

### Rumblings Of Dissatisfaction To Be Thoroughly Investigated By Administration--Seems To Be Radical Disagreement Between Railroad Heads And Employees.

(By The Associated Press)

WASHINGTON, March 29.—A comprehensive study of American railway conditions was begun by the administration today with a view to formulation of a definite program for railway rehabilitation.

For more than an hour President Harding discussed the problem with his cabinet and later it was announced that he would call into consultation within the next few days the chairmen of the two government agencies having closest contact with transportation problems, the interstate commerce commission and the railway labor board. Conferences with railway managers and employees are expected to follow in time to permit action at the coming special session of congress.

Discussion at the cabinet meeting was only of a preliminary character but there were indications that the chief executive and his official advisers were much concerned over information which so far has come into their possession.

**Rumblings of Dissatisfaction.**

Since it took up the reins of authority the administration has heard rumblings of dissatisfaction from many sources, the roads complaining of inadequate income, the employees protesting against impending wage reductions, shippers asking for a reduction of freight rates and in some cases the general public appealing for better service.

All of these points of dissatisfaction are to be examined in the administration inquiry with the general relation of a healthy transportation industry to the nation's commercial life. Even the tariff question which is to furnish the principal topic of consideration for the next session of congress, is considered to be closely interwoven with transportation policies since in some instances present import duties are said to operate to the serious disadvantage of American producers by permitting foreign products to reach American centers at a lower cost than railway-borne domestic goods of the same character.

**Picture By Railroad Heads.**

The most serious feature of the situation however, as it has been pictured to administration officials is the apparent inability of the carriers themselves to make both ends meet and at the same time keep service up to standard. A number of high railway officials have called on Mr. Harding since his election and have told him that unless some way to increased earnings were found, the whole transportation system of the nation faced paralysis.

It is understood that although few definite remedial programs have been suggested in these conferences, most of those who have presented the carrier side of the problem, have advised against any increase in freight rates. A further material rate increase in the present condition of the nation's industry Mr. Harding has been told might result in such a curtailment of traffic as to actually reduce earnings rather than increase them.

**Employees Disagree.**

On the other side the railway employees have vigorously protested against wage reductions as an economic expedient, declaring that living costs require that wage schedules remain unchanged. All along the possibility of a general railway strike has made both railway executives and government agencies think twice whenever a wage cut has been suggested to this and contributing materially to the present unsettled conditions of the industry, has been the confusion and inconvenience of restoring the roads from a wartime to a peace time basis and of unscrambling the various properties after a long period of operation as one system under government control.

It remains a question whether the roads will ask congress for direct financial relief in addition to that provided under the transportation act to compensate them for deterioration of their

## MAYOR CRABTREE ASKS TO HAVE TAX MADE PERPETUAL

**Local Official Appears Before Joint Revenue Committee**

(By The Associated Press)

SPRINGFIELD, March 29.—Members of the revenue committee of both houses of the legislature listened today to the pleas of school authorities, city officials and members of the Cook county board of commissioners for financial relief.

Many of the tax bills, which number more than 75, were discussed before the legislators. At the same time the appropriations committee of the senate and house were asked to increase the University of Illinois fund to \$10,000,000.

**Mayor Crabtree Speaks**

Speaking for the Illinois Municipal League, Mayors Crabtree of Jacksonville, and Pearson of Evanston, asked for a perpetual continuation of the one and one-third per cent tax rate granted two years ago for a period of three years. A bill before the legislature now extends the temporary rate to 1923.

Attacks upon the Juul law, limiting Chicago schools to a lower rate than the downstate were made by William T. McCoy, chairman of the Chicago schools committee.

Representative Young, father of many of the revenue bills introduced in the house, and Senator Carlson of Moline, presided over the joint hearing in the house chamber.

## FRANCE NOTIFIES SWITZERLAND OF NEW CONDITIONS

**Suppression of Free Economic Zones and Military Zone**

(By The Associated Press)

PARIS, March 29.—(By A. P.)—The French government has notified Switzerland that it must insist upon suppression of the free economic zones set up by the treaty of 1815, as well as the neutral military zone provided for in the treaty of Vienna.

It is understood the Swiss government is willing to consent to the abolition of the military neutral zone, as stipulated in the treaty of Versailles, but will resist abrogation of the privilege of dealing free from customs duties, in the two small strips of French territory north and south of Geneva.

This, however, was the subject of a treaty between France and Switzerland in 1815. The French government contends it is an illegal and unjust favor accorded Switzerland without compensation, and that the treaty of Versailles gives France the right to abrogate it, as well as the neutral military zone.

Discussion of the matter has reached an acute stage and a law is about to be introduced in the chamber of deputies extending the French customs line to France's political frontier.

## MANY WITNESSES TO TESTIFY AT HEARING

**Will Tell of Probable Benefits of Proposed St. Lawrence Waterway**

DETROIT, Mich., March 29.—Witnesses representing Michigan, Minnesota, Ohio, Indiana, Iowa, North and South Dakota and other middlewestern states arrived here late today to testify tomorrow at the final hearing of the international joint commission as to the probable benefits of the proposed St. Lawrence waterway.

The three members of the American section of the commission including Obadiah Gardner reinstated on the commission by President Harding following his removal by the late President Wilson also reached the city. Four days have been allowed for the final hearing but the opinion was expressed by commission members that two days might be sufficient.

Many States Endorse.

Charles P. Craig, executive director of the Great Lakes-St. Lawrence tidewater association announced here today that legislatures of 12 of the 15 states that are members of the association had endorsed the tidewater project.

Among the arriving witnesses were Senator Norbeck of South Dakota, H. C. Barlow, traffic commissioner of the Chicago association of Commerce, Congressman Theodore Burton of Ohio, and former Governor W. L. Harding of Iowa.

**QUINCY PACKING COMPANY INCORPORATES**

Springfield, Ill., March 29.—The Quincy Packing Company, 1037 Broadway street, Quincy, capitalized at \$15,000, was incorporated here today to do a general slaughtering, curing and grocery business. Incorporators are: L. J. Lightfoot, Henry W. Schmidt and Herman J. Norris.

**GREEK FORCES OCCUPY ADA PASAR**

London, March 29.—The Greeks have occupied Ada Pasar, in the Imdid region of Asia Minor, according to a despatch to the exchange telegraph from Athens.

## JOHN BURROUGHS WORLD RENOWNED NATURALIST DEAD

**Dies on Train While Returning from Trip to California**

(By The Associated Press)

POUGHKEEPSIE, March 29.—The body of John Burroughs, naturalist of world renown, who died suddenly on a passenger train near Kingsville, Ohio, lies tonight in his home by the banks of the Hudson river, a few miles north of this city.

There where Mr. Burroughs had lived since 1878, the body will remain until Saturday afternoon, when a private funeral along the simple lines he desired will be held. The body will be taken to Roxbury, in the Catskill Mountains, and buried Sunday, the eighty-fourth anniversary of his birth, near the spot where he was born.

The great naturalist and author of out-door books had hoped to return to his country home—Ryerly—to die, and his last words, uttered a few seconds before death unexpectedly claimed him, were: "How far are we from home."

**Returning From California**

Mr. Burroughs had spent the winter in California and was returning from there. About five weeks ago he underwent an operation for a prostatic abscess. Several heart and kidney complications set in, and he became so weak that he decided that he must hurry home if he wished to die amid the lovely hills and trees by the Hudson which he loved.

At dusk this evening a hearse conveyed the remains along the winding roads that lead thru the rugged hills, where Mr. Burroughs devoted years of study to birds, and trees, and flowers. Surrounding his home where the body was placed were the elms and maples he loved, while overhead a few birds which returned northward early were heralding the springtime.

In brief cases carried by the great naturalist were unfinished manuscripts of two books. He had busied himself during the winter gathering material in Southern California and jotting down notes for these works on outdoor subjects. Ultimately they will be added to his long list of printed volumes.

His last public message was a tribute to William Dean Howells, and was read at memorial services to that author a few weeks ago in New York.

Howells and Mr. Burroughs were acquaintances thru many years.

The only immediate surviving relatives are his son, Julian Burroughs, who lives with his father and three grandchildren.

## FUNERAL WILL BE ON ANNIVERSARY OF BIRTH

**LAUCK SAYS NATIONAL AGREEMENTS NECESSARY**

**Presents Array of Figures to Labor Board in Behalf of Employees—Industrial Peace Only Possible Thru National Agreements.**

(By The Associated Press)

CHICAGO, March 29.—Applying the conditions in other industries which led to national agreements to the railroad industry, W. Jett Lauck, consulting economist for the railway unions today presented voluminous argument in favor of national agreements on railroads.

Organization of employees as well as organization of unions has become nation-wide because the industries themselves have become nation-wide, Mr. Lauck said in arguing that the way to industrial peace was thru national agreements.

**Disorder in Independent Action.**

"The national agreement averts industrial interruption," the witness said, "the consensus of evidence shows that in the rapid expansion of our industries we have reached the point where nothing but discord results from independent action by show committees and local unions."

National agreements in other industries, he said, tended to show that industrial peace was attained by national agreements, that establishment of uniformity was socially important; that unions do not have their contracts, that national agreements must cover working conditions; that trade agreements are not in inconsistent with the open shop and that such trade agreements tended to humanize the industrial situation.

## BOLSHEVIK OFFICIALS ARE FACING CRISIS

**Endeavoring to Tide Country Over Food and Fuel Shortage—April and May Worst Months**

VIBORG, Finland, March 29.—(By The Associated Press.)—While masses of troops who are themselves reported to be discontented, are held around Petrograd and other cities ready to quell disturbances, the Bolshevik administration is making herculean efforts to overcome the critical food and fuel shortage, to tide over April and May, the two most difficult months, until the new soviet policy can be effective. This information is brought to the Finnish border by refugees and Bolshevik newspapers.

One of the Kronstadt refugees who succeeded in making his way back there and then returning to the Finnish frontier where he arrived yesterday brought stories of many executions which however, are not confirmed and are not wholly believed here.

The fuel shortage is so acute, according to the Bolshevik newspapers that more than 20 railroads have been forced to suspend service. No word of new revolts has reached the Finnish frontier since the Kronstadt rising but travelers reaching here agree that the situation is the most acute since the rioting started.

**MICHIAN MINES HAVE BEEN SHUT DOWN**

Houghton, Mich., March 29.—It was officially announced today that the Calumet and Hecla, Alameda and Isleroy mines will be shut down April 1. The action will be taken because of a surplus of unsold copper and the limited demand.

## GERMAN OFFICIALS BELIEVE THEY HAVE REVOLT SUPPRESSED

**Many Communists Placed Under Arrest in Central Germany**

(By The Associated Press)

BERLIN, March 29.—(By A. P.)—The government believes it has effectually broken up the insurgent communist rising in the mid-Germany industrial areas, with the capture of the main body of rioters at Leuna and Amendorf. So far 1,400 communists have been arrested and the others are reported either to be fleeing, leaving their arms behind, or surrendering.

President Ebert has authorized the installation of extraordinary emergency courts for the speedy trial of the communist rioters.

**General Strike Fails**

Reports are arriving in Berlin from mid-German and Ruhr points indicating that the communists had been successful in their attempt to provoke a widespread general strike. Only unimportant walkouts were reported from isolated districts.

The big shops in Greater Berlin were operating this afternoon with full complements of workers, although communists invaded several plants this morning and attempted to persuade the workers to quit.

The city is being patrolled actively by security police and all outdoor gatherings have been prohibited.

## TWO ARE HELD IN CONNECTION WITH CHICAGO EXPLOSION

**Police Believe Fireworks Caused Blast Which Killed Eight**

(By The Associated Press)

CHICAGO, March 29.—Manufacture and storage of fireworks in a manner prohibited by city ordinances was blamed tonight by city and police officials for an explosion in the heart of the West Side tenement district today which killed at least eight persons, injured 100 or more, rendered dozens temporarily homeless and damaged buildings blocks away. Two men were held in jail tonight in connection with the disaster and two more possibly killed in the explosion were sought by the police.

The explosion wrecked the warehouse of Weil and company, paper dealers, where a dozen men were working. All are believed to have been killed. Next door was the firm of Singer and Shaffer, dealers in novelty merchandise. Chief of Police Charles Fitzmorris and Fire Attorney Shirley High, after completing investigations tonight declared that the Singer and Shaffer firm had manufactured fireworks in and around the warehouse in violation of city ordinances, and combustion of these fireworks was to blame for the disaster.

**Members of Firm Held.**

Max Singer and Edward Shaffer, nephew and son respectively, of the partners, were re-arrested and placed in jail tonight after they had been questioned and released today. Then the elder Singer and Shaffer's father were sought but it was believed they probably perished in the explosion.

According to Mr. High and Chief Fitzmorris, the two men held in jail both admitted that the firm manufactured fireworks and that it had conducted an illicit trade in this product.

More than a ton of TNT dynamite and other explosives is believed to have been consumed in the explosion. Only four of the eight persons known to be dead had been identified tonight. The other bodies were so badly mangled as to be unrecognizable.

The warehouse, owned by Weil and Company, paper dealers, was an L shaped structure. In the angle formed by the L was a smaller building in which the Singer-Shaffer company, novelty manufacturers were alleged to have stored more than a ton of fireworks in violation of city ordinances.

Scores of fireworks, labels, percussion caps, pieces of firecrackers and torpedoes were found after the explosion.

**Believe Fireworks Caused Blast**

Other theories as to the cause of the disaster were fairly gas mains and bombs but the police were inclined to ignore this after a cursory investigation. Ignition of the fireworks was believed by Chief Fitzmorris to have been caused by several cases of matches stored in the building.

Tonight many persons whose homes had been so badly damaged by the explosion as to be untenable were given temporary quarters in the Garfield School house where 1,500 children were attending class at the time of the disaster. The roof of the building was damaged but the children escaped unhurt.

A dozen babies being cared for in a settlement house were slightly injured by the falling of plaster caused by the explosion and the district nearby was thrown into an uproar. Hundreds of persons, suddenly hearing the noise and seeing a great circle of black smoke rising, rushed madly for shelter and for several hours the neighborhood was in a state of pandemonium.

Tonight scores of men under the glare of powerful search lights were engaged in clearing away the wreckage, while dozens of nurses and physicians went from house to house caring for the injured.

Representatives from relief bureaus supplied food and bedding for the homeless.

**TYPHUS EXCITEMENT HAS SUBSIDED**

Washington, March 29.—While Ellis Island immigration station is crowded, Commissioner General Husband of the immigration bureau, said today that the typhus excitement had subsided somewhat and immigrants were now being handled as fast as they come from quarantine.

## TARIFF NEEDED TO BRING PROSPERITY BACK TO FARMERS

**North Dakota Congressman Says That Good Times Will Not Return Until the Farmer's Purchasing Power Returns—Wallace and Hoover Both Favor the Fordney Measure**

(By The Associated Press)

LANSING, Mich., March 29.—Good times will not return until the purchasing power of the farmer has been restored, Representative George M. Young of North Dakota, named by the house ways and means committee to introduce the emergency tariff bill at the extra session of congress declared in an address tonight before the Zach Chandler Republican Club here.

"We must not overlook the fact that one-third of our population are farmers," Mr. Young said. "They are normally big consumers. The purchasing power of farmers will not be restored until three million men now out of employment are profitably employed and until we prevent the dumping of farm products from every part of the globe."

Discussing a permanent tariff measure, Mr. Young said the most difficult problem was to fix rates of duty sufficiently high to afford protection against products of countries whose exchange and labor wages were extremely low and not fix them so high as to be oppressive to American consumers so harmful to America's best customers abroad. Imposition of duties upon the basis of American valuation, he declared, would help neutralize this trade problem. Asserting that the emergency tariff measure would be passed precisely as vetoed, Mr. Young said:

**Furnishes Sharp Contrast**

"In sharp contrast with Secretaries Houston and Meredith, who could not get the farmers' viewpoint, and who advised President Wilson to veto it, are Secretaries Wallace and Hoover, who have taken a pronounced stand in favor of saving the American farmers from bankruptcy."

"The message of President Wilson vetoing the Fordney bill carried the idea that those supporting it did so in order to furnish relief to certain producers who have been unable to discover satisfactory markets in foreign countries and whose prices have fallen. The real purpose was to furnish relief to those who had been robbed of their home market."

Mr. Young contended that it was not a question of profits for farmers, but of saving the farming industry from destruction.

Declaring congress could not follow the old-fashioned Republican principle that the tariff should measure the difference in cost of production at home and abroad, especially in abnormal times, Mr. Young insisted that the tendency of American costs would be downward and the foreign tendency upward.

"We must anticipate these cost adjustments and hold down the rates of duty," he added, "otherwise they would reach much higher than the Payne-Aldrich rates."

"Most agricultural products are now on the free list and are consequently the hardest hit."

## LAUCK SAYS NATIONAL AGREEMENTS NECESSARY

**RECEIVES PROTEST**

Germany Makes Second Protest on Occupation of German Towns By Allies

GENEVA, March 29.—(By The Associated Press.)—The league league of nations has received a second protest from Germany, calling attention to the continued occupancy by allied troops of German territory. The note expresses the hope that Articles 12 and 17 of the peace pact will be applied, according to the preceding note of March 10.

The new note is dated March 22 and is signed by Foreign Secretary Simons.

It says: "After occupying Duisburg, Ruhrort and Dueseldorf the allied troops advanced and occupied the localities of Walsum, Voieck and Narsdorf, and the railway stations at Mulheim, Speedorf and West Oberhausen. According to reports received by the German government the allied military authorities intend further to expand the occupation."

"The German government protests strongly the continuance of this proceeding which is against all rights and justice. It demands the cessation of measures provided for by articles 12 and 17."

One of the most cheering items of financial news is that practically all of the automobile factories expect to be working something like the normal number of employees early in April. If this statement had been made months ago it might be taken simply as an effort to aid a difficult situation by optimistic comment, but with April so near at hand it seems useless for the manufacturers to talk about more active operation of their plants unless

this increase in activity is certain to come.

Charles G. Dawes and Colonel Milton Foreman of this state have been named members of the committee which will investigate the treatment of wounded ex-service men, the board of vocational training affairs and the war risk bureau. The choice of such men furnishes abundant proof that the real facts will later be presented to the public and worth while suggestions made.

Ex-President Taft, it is said, is almost certain to be named as chief justice of the supreme court, if Chief Justice White retires. The present chief justice is now well advanced in years and said to be in ill health.

**THE HOPE OF THE FUTURE**  
Citizens who are taking an active part in preserving the Y. M.

C. A. organization believe that the greatest hope of this country is in the right environment and training for young people. Certainly in these later years men and women have come into a greater realization of the benefit of the Y. M. C. A. and kindred organizations. The war period gave distinct emphasis to this fact and gave the people a better understanding of the value of recreation and of directed play in the formation of character.

The problem is not to suppress the energies of young people but to train them in the right direction, and the Y. M. C. A. is a factor in this very important work.

## A CHANCE TO AID

Now is the time for Chicagoans who have been greatly distressed over the building devastation to come to the aid of the investigating committee. Unless this committee has the active co-operation of citizens its work will be difficult indeed. Certainly any citizen who has information that will be of value to the committee in its investigation owes it to his community to come forward and testify.

Threats have been made against the committee, no doubt with the purpose of deterring some persons from giving testimony. It often happens that citizens who rail about bad conditions are willing to do nothing to put an end to the very conditions they complain of, and as the investigation proceeds it will be possible to see just how many citizens of that kind there are in the big city.

## THE KLU KLUX KLAN

Letters are being sent out broadcast to the newspapers telling of the intention to preserve the organization of the Klu Klux Klan, which came into so much prominence in the period immediately following the War of the Rebellion. It is the claim of the men responsible for the present movement that the Klu Klux Klan was unjustly charged with many crimes and that the organization performed a great work in the reconstruction days.

Certainly before they proceed far it will be necessary for the gentlemen responsible for this new movement to refute testimony of Albion W. Tourgee and other writers of fiction and history who in no uncertain terms depicted the evil done by the Klu Klux Klan.

## TRAFFIC COPS

In the World's Work for April Count Witte describes some of his impressions while in America during the Portsmouth Conference.

I was surprised to see the attitude of the American public to the secret service. One day I was riding in an automobile in New York, accompanied by one of the secret service agents who were attached to my person. We reached a congested thoroughfare where ordinary mortals usually wait quite some time before they can proceed on their way. The agent showed his badge to the traffic policeman, the latter waved his hand, the stream of traffic stopped as if by magic, and we drove on. I imagine the storm of indignation which such action of the police would raise in Russia, in monarchistic Russia.

## VIOLIN RECITAL AT THE CONSERVATORY

Miss Eloise Capps Gave Program of Unusual Merit — Frank Collins Also Appeared in Piano Numbers.

The violin playing of Miss Eloise Pitner Capps at Recital Hall Tuesday evening delighted a large audience, and gave pleasure well above the order usually expected from the appearance of students in recital.

She was assisted in a program of great merit by Frank Collins, Jr., who played two groups of piano solos and by Miss Ellen McCurley, who contributed faithful and charming accompaniments to all of the violin numbers.

For some years Miss Capps has been a pupil at the Conservatory under Mr. Kritek and her progress has been steady as well as consistent with her natural gifts. She possesses qualities inherently essential to the making of an artist, and has been developing them with careful industry and a studiousness that is most commendable. Her warm, rich tone showed at once in the opening number, the lovely Romance in A minor of Bruch, which she played with charming effect and a technical sureness that was satisfying. A really Slavic element was present in her interpretation of the Dvorak-Kreisler Dance—also in the Russian of Zimbalist. An elusive poetic turn came from her violin in the Randegger Serenade and a wistful delicacy in the Prophet-Bird, contrasting with the substantial effectiveness of the Beethoven-Seiss Contredanse and the "From the Canebrake."

The climax of her work was the brilliant playing of the Scherzo-Tarantelle of Wieniawski, which she did in a manner that many violinists of standing would be proud to own.

Frank Collins, Jr., the assisting piano soloist, is a gifted pupil of Mr. Munger and has won frequent praise from Jacksonville audiences. He contributed three well contrasted numbers, giving the Chopin Nocturne with commendable repose of manner and stirring climatic effect in the Doppio Movimento, and coping with the great difficulties of the B minor Etude with aplomb and excellent bravura. The Paderewski Cracovienne was performed with brilliancy while pleasing tone, quality and smooth legato were not lacking.

Both soloists were received with hearty applause, to which, after her last group, Miss Capps responded by playing a brilliant and melodious bit entitled The Bee, by Francois Schubert. Miss McCurley's accompaniments were noticeably sympathetic and accurate.

The program follows:  
Romance in A Minor, Op. 42, Bruch—Slavonic Dance, No. 1 in G Minor—Dvorak-Kreisler—Miss Capps.  
Nocturne in C Minor, Op. 48 No. 1—Chopin—Etude in B Minor, Op. 25—Chopin—Mr. Collins.  
Russich (Slavic Dance)—Zimbalist, Pierrot Serenade—Randegger, Contredanses—Beethoven-Seiss—Miss Capps.  
Cracovienne Fantastique—Paderewski—Mr. Collins.  
The Bird as Prophet—Schumann—Auer. From the Canebrake—Gardner, Scherzo Tarantelle—Wieniawski—Miss Capps.

## WELL KNOWN SALESMAN DIES AT QUINCY HOME

Harry Bray, a well known salesman died at his home in Quincy at 12:15 o'clock Tuesday afternoon of acute nephritis.

Decedent was 60 years of age at the time of death and had been a salesman with the Meyer Drug company of St. Louis for the last thirty years. During that period he made Jacksonville regularly and was well and favorably known to a large number of Jacksonville citizens.

Mr. Bray was a man of fine appearance and had countless friends throughout the territory in which he traveled. He is survived by his widow and two daughters. He was a member of the Presbyterian church and of the Knights Templar.

## Westminster Aid Society Organizes for the Year

The March birthday and annual meeting of the Ladies Aid society of Westminster church was held Tuesday afternoon at the home of Mrs. J. W. Walton. Reports made showed that the Aid society has concluded a very successful year with a substantial sum of money in the treasury, altho the society has had a large part in paying for improvement work in the parsonage.

The election of officers resulted in the choice of the following:  
President—Miss Eleanor Moore.  
Vice President—Mrs. W. C. Bradish.  
Secretary—Mrs. Stanley I. Davis.

Treasurer—Miss Jessie Holmes. The nominating committee included Mrs. A. F. Kitcher, Miss Ann McCormick and Miss Louise Holmes.

As a part of the program members of the Aid society told how they had earned dollars to give to the fund, and these reports of working for a good cause added not a little to the interest of the occasion. Several of the members, Mrs. Kitcher, Mrs. Stewart and Mrs. Thomas Smith, responded in rhyme Mrs. Kitcher, who had earned her dollar by tatting, closed her verses with the lines: "With that amount we should not be content."

But work with a will for the rest of the year.

Thus giving our pastor some hearty good cheer."

The hostesses, members of the society whose birthdays were in March, were Mrs. Sarah Riddle, Mrs. Hester Capps, Mrs. Fannie Cully and Mrs. Walton. Light refreshments were served.

No One  
Can Escape It

Youth, when strong and able to prepare for old age, hardly thinks of it. It is too far distant, too indistinct—and yet it is all round us. No youth can escape.

Old age, if prepared for, should be one of the happiest times of life. Start now and prepare for old age, which will surely come, by opening a savings account with this bank.

## ROLAND III.

Pure Bred License No. 411

Owned by J. W. Wallace, Chapin, Ill., bred by D. Augustine, Carlock, Ill., and is recorded in the Percheron Society of America as a Pure Bred. His number is 78234. Color and description—Black gray, weight one ton, and is 17½ hands high with good bone and all that goes to make up an extra good stallion. This horse's colts have never failed to get in the ribbons at our show. His sire, Roland 42911 won first for 3 straight years at State Fair and once at the National. His dam Coquette 50404 won where ever shown and sold at an old age at big money, so you see he is as good a bred horse here in the state. Roland III was formerly owned by H. O. Smith of Chapin, Illinois.

## Dictator, Jr. No. 16160

Jack. Color, black, white points. Foaled Aug. 17, 1913. Height 17 hands, girth 72, and bone 8½ in. This Jack is a Hannibal & Brigham bred Jack. This Jack can show as good mules as I ever saw any place and is as sure as any Mammoth Missouri Jack

## Don, No.

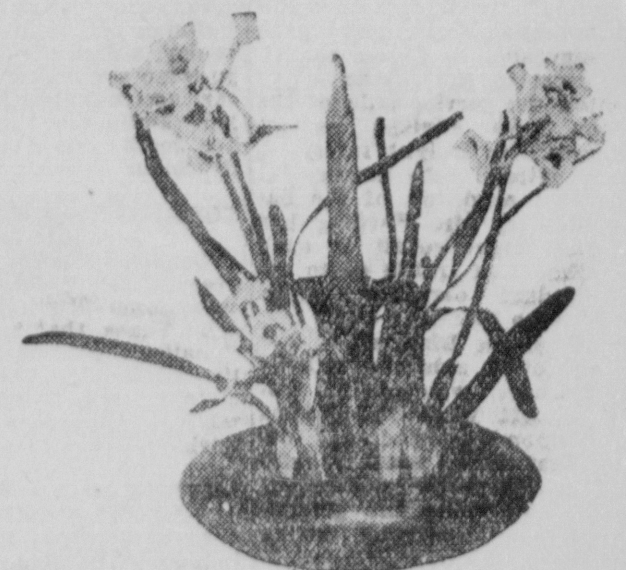

This Jack is a smaller one than the one above. He is black with white points, good in bone, ear and a good foot.

The above animals will stand the season of 1921 at Wallace Fruit Farm, 2 miles northwest of Chapin. Phone, call Chapin. Terms, \$15.00 to insure living colt. Colt to stand good for service dues. Service money due when colt is foaled or when mare is traded, sold or leaves the community. Not responsible for accidents.

Just have a look at them and see for yourself.

## PROMINENT WOMEN IN BIBLE CLASS

Organization at Washington Has Arouse Country-Wide Interest.

Wives of some of the men most actively identified with governmental affairs in Washington are actively interested in a Bible class which is conducted by Mrs. Spencer, wife of Senator Selden P. Spencer of St. Louis, and which meets Thursday morning of each week at the New Willard Hotel.  
Mrs. Harding, wife of the president.  
Mrs. Marshall, wife of the former vice president.  
Mrs. Gillett, wife of the speaker of the house of representatives.  
Mrs. Yates, wife of Congressman Richard Yates.  
Mrs. Pitney, wife of Justice Pitney of the supreme court.  
Mrs. France, wife of the senator from Maryland.  
Mrs. Elkins, wife of former Senator Stephen B. Elkins.  
Mrs. Mondell, wife of the Republican leader, house of representatives.  
Mrs. Lansing, wife of the former secretary of state.

The attendance has been phenomenal. Last Thursday 650 women were in attendance at the class.  
Its influence is spreading over the entire country and plans are being considered by leading women in many cities of the Union to start similar classes for the study of the Bible in the capitols and other cities of their respective states.

"It is possible that the women at home may have, to some degree, the impression that the women here at Washington are devoted exclusively to the 'social whirl,'" writes Mrs. Yates. "As a matter of fact, many serious things engross their time and attention, and one of the most important and vital is the class for the study of the Bible."

Harmony Lodge No. 3 A. F. & A. M. will hold a special meeting this evening at 7 o'clock. WORK. Visiting brethren welcome.

W. A. Crawley, W. M. John R. Phillips, Secy.

KANSAS CITY MARKETS  
Kansas City Stock Yards, March 28, 1921.—Liberal receipts, coupled with rather severe weather conditions, brought lower prices for live stock today. Late last week the market weakened in anticipation of liberal supplies in the first half of this week, but this discount was not sufficient, and cattle prices came off another 15 to 25 cents and were fully 35 to 50 cents under a week ago, and 75 cents to \$1.00 under the high point last week. Today's receipts were 15,000 cattle, 15,000 hogs and 11,000 sheep. A liberal percent of the animals in the cattle division were suitable for grazing and for short feeding. A good many short fed steers, of good quality, were available for feeders and Texas, New Mexico and Arizona stockers were in the largest supply of the season. One train of Arizona steers was on through billing to South Dakota, or about a month earlier than usual for such a movement. Prices of thin steers were 50 cents lower than a week ago, and fleshy feeders were down 75 cents. Weather conditions reduced demand materially. The best feeders sold at \$8.50 to \$8.75; fair to good kinds, \$7.75 to \$8.50, and common to fair grades \$7.25 to \$7.75. Stockers sold at \$6.50 to \$8.50, and stock cows and heifers \$5.25 to \$6.50.

Hog prices fluctuated within a 50 to 75 cent range last week and today started the week about 50 cents lower than last Monday. The top price was \$10.25 and bulk \$9.25 to \$10.10. Pigs and stock hogs are offered more freely and while 50 cents lower than a week ago, they still command a premium over fat grades. Pigs today sold up to \$11.50, and most of the feeding grades at \$10.25 to \$11.00.  
Sheep and lambs were 25 cents under last week's close and about the same as a week ago. Fat lambs sold at \$8.50 to \$9.80, yearlings \$7.25 to \$8.25, ewes \$5.25 to \$5.75, and wethers \$6.00 to \$6.75. Some thin lambs brought \$8.00 to \$8.65 from feeders and some breeding ewes sold at \$5.00 to \$6.25.

## COUNTY WOODMEN TO HOLD CONVENTION

The all-county Woodmen convention will be held in this city April 6, in accordance with the call issued by Earl Vasconcellos, Recorder of Camp 912 M. W. A. There are about 25 Woodmen camps in the county and each has the right to send one delegate to the county convention. The principal business will be that of choosing delegates to the state convention.

Mr. Vasconcellos by virtue of the fact that he is recorder of the largest Woodman camp, is designated to send the call to the convention and to call the convention to order on April 6.

## MRS. TUTHILL'S LONG LIFE IS CLOSED

Former Resident of This County Died Recently in California Hospital.

A number of Morgan county people recall with pleasure Mrs. Sophia Tuthill, who lived years ago in the Joy Prairie neighborhood. A California paper gives the following facts about the recent death of Mrs. Tuthill, following a long illness:

Mrs. Sophia Bingham Tuthill, who passed away at the Riverside city hospital last Tuesday evening, was born in Illinois, August 2, 1841. She was married September 12, 1866, at Watertown, Wis., to Rev. Edward Brewster Tuthill, and from that place removed to Joy Prairie, Ill., where they resided six years. Afterward Mr. Tuthill was pastor at Georgetown, Colo., and Martinez, Calif., and shortly after retiring from the ministry, in 1892, the family came to Corona, where they have since resided. Mr. Tuthill died in the spring of 1900, since which time Mrs. Tuthill, in spite of the efforts of her children to take her to their homes, has resided in the little cottage near the church, alone, until the past few weeks.

Grandma Tuthill, as every one called her, was well known to every one in Corona. Altho in poor health for a number of years past, she always had a cheery word for every one and kept her interest in her friends, her church, and all the community affairs, up to the last. As a member of the Congregational church, she was always in her place at all the services of the church, setting an example which many younger members might well emulate. Her interest was unceasing in every good work and her spirit of neighborliness was proverbial.

On Sunday, September 26, she fell in stepping off the sidewalk near the church and sustained a dislocated shoulder. The shock from this injury, together with a dropsical affection, which had already set in, gradually undermined her health and she passed away on Tuesday last. Her last weeks were spent in the home of her son, A. B. Tuthill of Riverside, but her mind constantly turned back to Corona and her own little cottage, and she was planning up to the very last to return.

## ORLEANS CLUB MET TUESDAY

Organization of Club Women Elects Officers for the Year—Social Hour Followed Program.

The regular meeting of the Orleans Country club was held Tuesday afternoon at the home of Mrs. J. T. Little in Alexander. There were fourteen members present, together with a large number of visitors, and all found the occasion most profitable.

At the business session the annual election of officers took place, resulting in the choice of the following:

President—Mrs. Samuel Davis. Vice president—Mrs. C. M. Strawn.

Secretary—Mrs. Moses Greenleaf.

Afterward came the following program:

Piano selection—Mrs. Lester Gray.

Paper, "Lady Astor—Member of Parliament"—Mrs. Frank Drury.

Paper, "Will the future be a better time in which to live than the past?"—Mrs. Clyde Cox.

Article on radium—Mrs. A. A. Curry.

A delightful social hour followed the program and the hostesses served light refreshments at this time. The club adjourned to meet on Tuesday, April 12, at the home of Mrs. A. E. Curry in Pisgah.

## MANY CHANGES AMONG COLLEGE PRESIDENTS

High Salaries Now Being Paid the Heads of Colleges and Universities.

Dr. Guy Potter Benton, formerly president of the University of Vermont, has been elected to the presidency of the University of the Philippines at a salary of \$15,000, with an allowance of \$1,500 annually for house rent.

Professor Frank Aydelotte, head of the English department of Massachusetts Institute of Technology, has been selected as the successor to Dr. Swain, president of Swarthmore College. Professor Aydelotte will assume his new duties in September.

Major General Leonard Wood is to become the new provost of the University of Pennsylvania. He will make an official trip to the Philippines before taking up his work at the University of Pennsylvania.

Professor Richard H. Scholz, Ph. D., head of the history department of the University of Washington, has been elected to the presidency of Reed College. Dr. A. A. Knowlton, professor of physics at Reed College, has been the acting president since the resignation of Dr. Foster.

In electing Dr. James Angell to the presidency of Yale University, the Yale corporation departed from a long-established precedent in selecting a man not a member of the university faculty and not an alumnus.

Rev. John W. Laird, D. D., pastor of the Vernon Place Methodist church, Baltimore, has been chosen for the presidency of Mt. Albion College, to succeed President Dickie, who is to retire in June. Dr. Laird was born in Scotland 39 years ago.

Rev. Silas Evans, D. D., formerly president of Occidental College, has been offered the presidency of Huron College, and it is the hope and expectation of the friends of Huron that he will accept.

The resignation of President Thomas of Middlebury College, to go to the presidency of Pennsylvania State College, is a distinct loss to that historic college.

The sudden death of President Gunsaulus, of Armour Institute, is a severe blow to that institution. The institute has grown steadily under his guidance, and it is now on the eve of great expansion through the development of the

new plans for a "greater Armour." The University of Illinois, with approximately 10,000 students, is asking the state legislature for \$5,250,000 a year for the next two years, and Wisconsin, with about 8,000 students, is asking for almost exactly the same sum. Minnesota is asking for approximately \$10,000,000 for two years; Ohio \$11,000,000 and Michigan \$18,350,000.

## BENEFIT PLAY GIVEN AT WINCHESTER THEATRE

"Out in the Streets" Presented by Lynnvill Young People as Odd Fellows Benefit—American Legion to Give Supper and Dance—Other Winchester Notes.

Winchester, March 29.—The young people of Lynnvill gave a play entitled "Out in the Streets," Tuesday evening, at the Lyric theatre here. There was a full and appreciative house and each one in the cast performed his or her part in a very competent and clever way. The fund realized is for the benefit of the Odd Fellows organization of Lynnvill. It was a three-act comedy, and between acts one and two was presented a farce, "Kitty and Patsy." Another special feature of the program was a musical program by a quartet.

The cast include the following: Col. Jasper Wayne—Homer Summers.  
Solomon Davis—W. E. Watson.  
Matt Davis—Clarence Blackburn.  
North Carolina Pete—Earl Landis.

Dr. Medfield—Wiley Todd.  
Mrs. Bradford—Emma Coultas.  
Mrs. Wayne—Estella Summers.  
Miss Minnie Wayne—Hildreth Watson.

Miss Minnie Bradford—Evelyn Coultas.

Policeman—Drew Cooper.  
The American Legion will give a supper Thursday night in the basement of the Christian church. Following the supper will be a benefit at the Lyric and afterward a dance in the Legion hall. All who wish to make contributions for the American Legion fund to provide flowers for the decoration

## "HER HUSBAND'S FRIEND"

AT THE GRAND  
Two motor accidents plus vital roles in Enid Bennett's latest Ince photoplay, "Her Husband's Friend," which starts at the Grand today.

Miss Bennett has the role of Judith Westover, married to a likable young chap whose continual carousing finally forces her to divorce him, just before the final decree is granted, he is notified that his whole fortune has been wiped out by a break in the stock market. Before he can make any other arrangements to meet the alimony specified in the divorce papers, he is killed by a motor truck. Unbeknown to Judith, Princeton Hadley, her husband's chum, has gone bond for him and has to make good the alimony. Since he is a comparatively poor man, this puts a bad burden on him.

Later, Judith meets Princeton and falls in love with him. When she learns of his relation to the alimony, complications ensue, but matters finally turn out all right.

## LOCAL COMPANY TO FURNISH POWER

Will furnish current for Arenzville Light and Power Company—Utility Commission Gives Permission to Erect Transmission Line.

SPRINGFIELD, Ill., March 29.—Permission to construct a transmission line from Jacksonville to Chapin, Concord and Arenzville, and to supply those towns and intervening rural districts with electricity was granted by the Arenzville Light & Power company of Arenzville by the state public utilities commission today.

When asked Tuesday evening about the new transmission line E. H. Gray general manager of the local utility company said that his company had a contract to furnish the current for the Arenzville company.

The Arenzville company is an incorporated concern and will purchase the current and distribute it to its customers in the towns named above.

## GREENE COUNTY MAN RECALLS PIONEER DAYS

White Hall, March 26.—Lee Coats, the Hillview telephone and telegraph man, recalls the names of some well known pioneers names of Patterson by reference to the fact that it was seventy-one years ago, March 24, 1850 that his father, the late Lee Coats, Sr., started to California with an ox team in company with Christopher C. Eaton, Alfred Pruitt and Peter Johnson, all of Patterson. They landed at Placerville, Calif., on the last day of August, being five months and seven days on the road. After reaching the Missouri river they walked to remainder of the distance.

They had several rounds with Indians on the journey, and their experiences were interesting, as was the case with most of the gold seekers of that day, except that with the Patterson seekers there is little to relate in the way of riches or gold. They soon came back, returning from San Francisco by way of Panama, crossing where the canal now is, and came to Aspinwall to New Orleans and from there to Grand Pass on water, covering the entire distance from San Francisco to Grand Pass on water, excepting the twenty-eight miles across the isthmus. Peter Johnson was the last survivor of his party, he dying at Patterson some four years ago. In relating this bit of history, Lee Coats, Jr., remarked: "Do you think they were traveling in a Cadillac? They had some trip, I assure you."

## LEGION AND STATE HEADS HELD CONFERENCE

William R. McCauley, state commander of the American Legion, William Q. Settle, state adjutant, Judge C. H. Jenkins of the department of public welfare, and Col. C. R. Miller of the department of public works gathered for a conference with Governor Small at 10:30 o'clock Tuesday morning, at the executive's office, when detailed plans were outlined Tuesday for caring for the sick and disabled former service men in various state institutions.

Mentally deranged former service men will be segregated and given special attention.

## BROUGHT SUIT TO QUIET TITLE

Wiley Todd by his attorney, Carl E. Robinson, has brought a suit to quiet title directed against Stephen Laws, et al. The proceeding relates to a certain lot in Lynnvill to which Mr. Todd holds the title, on the basis of a warranty deed received from Martin B. Todd in May, 1917.

It appears that John Fligg once acquired the title to the property from James Gordon but failure to record the deed has resulted in an error of record. In order to straighten out the title M. Todd has brought in this suit.

## BOOKS PENNED LONG AGO HAVE GREAT VALUE

Morgan County Descendants of Mathias Crum Prize Beyond Words Volumes He Wrote Nearly One Hundred and Twenty Five Years Ago.

Of almost priceless value are two school books, the property of the Crum family of this county. It was back in 1796, that is a century and a quarter ago, that Mathias Crum, who was one of the earliest settlers of this part of the state, began the writing of these interesting volumes. Mr. Crum was a school teacher and, with quill in hand he proceeded to the making of his own text books. These volumes, which have grown in interest and value with the passing of the years, are as indicated, still in possession of the Crum family.

For one hundred and twenty-five years the two books have been kept at what is known as the Crum home place east of Litchberry. Mathias Crum entered this land from the government, and his sons and grandsons have continued to control the land. When the public library was started here, an attempt was made to secure the two old books for the cornerstone of the library building, but grandsons of the old pioneer chose to keep them in the family.

Recently a land transaction near Litchberry was contemplated, and a certain local attorney sought information relative to dates of births and deaths in the Crum family. The grandsons of Mathias Crum allowed the two valuable volumes to be removed from the residence of W. H. Crum, where they had been kept for a number of years. In one volume was to be found the desired information, inscribed therein by Mathias Crum some hundred or more years ago.

As was stated, the books are bound in sheepskin, which accounts somewhat for their excellent state of preservation. Both are largely given over to the intricacies of mathematics, although in concluding pages may be found personal accounts and some family history. "This book began Jan. 25, 1796" is written plainly on the first page of one of the books.

Mathias Crum came to Illinois from Pennsylvania, and although he had never attended school, was a self made student and after reaching this state, took charge of some sort of a school. It is supposed that he compiled the books for use of his pupils.

The penmanship, done with a quill, is excellent. Following the style of writing of that time, the pioneer did not hesitate to decorate his books with flourishes of the pen. Pictures of chickens, serpents, cows and other animals are to be noticed at intervals throughout the works. Considering this is the work of a man who never went to school, it may be termed wonderful by the present generation.

Examples of the "golden rule of three," square root, multiplication and other forms of arithmetic are not as interesting to the inspector of the books as are the accounts of farm sales recorded by the pioneer. He once held a public auction at his farm, and some of the sales were:

Horse, goats, \$2; cow and calf, \$10; cow, calf and steer, \$15; bed and bedding, \$15; saddle, \$12; sheep, \$1.50 a head.

An idea of the prices of one hundred and twenty-five years ago is also given in an account of Mr. Crum against an estate, for which he was executor. "An account of money and time paid and performed in settling the estate of Robert Robertson," the book reads. Then it sets forth these figures: Letters of administration, \$5; for council, \$3; five days of travel, \$3; recording of mortgage, \$1.25.

John W. Crum, a son of Mathias, and father of the Crum generation now prominent in this county, for years was the possessor of these old records. They are now considered joint property of W. H. Crum, Samuel H. Crum, M. M. Crum, J. A. Crum and C. W. Crum, the latter of Denver, Col. It has often been suggested that the two volumes be placed in the state historical library at Springfield, but the family prefers to care for the property of the forefather.

PARENT TEACHER  
MEETING AT WOODSON

The regular meeting of the Woodson Parent-Teacher association was held at the school building Tuesday evening with a good attendance of members. Mrs. F. J. Henderson, president of the association presided. After the business session the following program was given:

Vocal solo—Eloise Seife, with Maurine Seife as accompanist.

Recitation—Dorris Elaine Steinmetz.

Reading—Mabel Henderson.

Song, When Visitors Come to School—Girls of School.

Dialog, The Stolen Pocketbook—Pupils of the School.

It had been expected to have some outside talent but weather conditions prevented. This also served to cut down the attendance, tho it was unusually good.

Following the program refreshments of fruit salad, cake and coffee were served and the association realized \$8.15 which will be used for the benefit of the school.

DEATH SUMMONS FOR  
MRS. G. A. WHEELER

Wife of President of Morgan County Board Passed Away at Hospital—Funeral to Be Held at Hebron Thursday.

A great many Morgan county people heard yesterday with sincere sorrow of the death of Mrs. Edith Peak Wheeler, wife of George A. Wheeler, of Sinclair, chairman of the County Board, at Our Savior's hospital Tuesday morning. Mrs. Wheeler's condition had been critical for a number of days, following an operation, and members of the family and immediate relatives were aware that the chances for her recovery were very slight.

The deceased was the daughter of Mr. and Mrs. Albert Peak and she was born Nov. 23, 1882, at Winchester. Her early life was spent there and as a young woman she became a member of the First Baptist church. Thru the after years her interest in the church affairs was maintained and she lived an earnest and sincere Christian life. Her greatest happiness was in service for members of the family and her friends.

The marriage of the deceased to George A. Wheeler occurred Aug. 26, 1903, and she is survived by her husband and the following children: Helen Louise, Edith Esther, Ruby Ruth, Earl Smith, Rhoda Bernice, Phillip Glenn and Jessie Lorene. She also leave four brothers and two sisters, Mrs. Ruby Borum of Muskogee, Okla.; Miss Elizabeth Peak, Winchester; Herbert Peak, Parsons, Iowa; Fred, Keith and Glenn Peak of Winchester.

The remains were taken to the Reynolds mortuary, and friends who wish to view the remains are requested to call there between 9 and 12 o'clock this morning. The funeral services will be held at 10 o'clock Thursday morning at Hebron church.

ASH CONVEYOR INSTALLED  
BY LIGHT COMPANY

An ash conveyor has been installed at the plant of the Jacksonville Railway and Light Co., and will save an immense amount of labor. Ashes from the fire beneath the boiler fall into pits from which by steam pressure they are conveyed to a storage bin. From the bin the ashes can be dumped automatically into cars or wagons.

The installation of this conveyor will mean a decided saving as it will do away with the work done by several men with shovels and wheelbarrows. This is one of several important steps taken in the making of the plant thoroughly modern.

While the work is in progress the roadway is closed and traffic is detoured by way of the Diamond street road.

## Funerals

## Loneragan

Funeral services for Mrs. Thomas Loneragan, who died at Our Savior's hospital Friday evening, March 25, at 8:30 o'clock, were held from St. Bartholomew's church at 10:30 o'clock Monday morning. The services were in charge of the Rev. Father Flynn, who spoke many comforting words to those bereaved. The many beautiful floral offerings were cared for by Mrs. John M. Doyle, Mrs. Daniel Winter, Miss Lucille Jones. Burial was in Mur-rayville Catholic cemetery, the bearers being Richard, Paul, Willard, James, Francis and Cornelius Loneragan, all nephews of the deceased.

## Scott

Funeral services for Mrs. Ben T. Scott were held from Gillham's Funeral Home at 9:30 o'clock Tuesday morning, in charge of the Rev. Myron T. Pontius, pastor of Central Christian church.

Music was furnished by Miss Cora Graham, Miss Fern Haigh and C. L. Mathis. The remains were taken to Winchester for burial, the bearers being H. C. Clement, C. O. Bayha, J. A. Crum, A. B. Opperman.

## Lindsey

Funeral services for the late Mrs. Sarah Ann Lindsey were held at 2 o'clock Tuesday afternoon at Hebron M. E. church, in charge of Rev. C. E. French of Virginia. The church was filled with relatives and friends of the deceased, who for so many years was a Morgan county resident and well known to many.

Music was furnished by Mrs. W. H. Crum and Miss Wilma Crum, with Mrs. Dugrell Crum at the organ. The floral tributes were especially beautiful and were cared for by Mrs. W. B. Daniels and Mrs. Walter Roach.

Burial was made in Hebron cemetery, the bearers being John Martin, W. H. Crum, Oscar Peterson, Albert Crum, B. A. Johnson and William Norman.

The following obituary was read:

Sarah Ann, daughter of Mr. and Mrs. Jesse West, was born May 6, 1848 in the state of Ohio, came to this state about thirty years ago. She was married to Cassius M. Lindsey, Feb. 28, 1895. Lived a home place in Morgan county all her married life. Her son was born to this union, William, now of Granite, Idaho. She has been in failing health for about a year, and was taken seriously ill about three weeks ago. The end came at 9:20 a. m. Sunday, March 27, 1921, aged 72 years, 10 months and 20 days.

She is survived by her husband one son and three stepsons, William Lester, Nathaniel West and Samuel Hall of Morgan county. Two sisters and two brothers, Mrs. Elma Haskell, Olney, Ill.; Mrs. T. J. Neal, Watts, Calif.; Martin West, Olney, Ill.; and Samuel West, Russell Springs, Kans., and several nieces and nephews.

Eighteen or twenty years ago she became a Christian and united with the Christian church at Litcherby, Ill. She was conscientious of the approaching end and was ready to go at any time. She was faithful in attendance at church. She will be missed in the community as well as from the home where she has resided for twenty-six years.

The sympathy of the community will go out to the bereaved family.

M. L. HILDRETH TALKS  
ABOUT CROP DAMAGE

M. L. Hildreth, who has long been engaged in the nursery business, said yesterday that reports he had received indicated that the principal frost damage among fruit was to peach trees. Keifer pears, late apples and cherries were practically unharmed. Mr. Hildreth said, in fact, some of these trees will probably have better fruit because of the frost and the thinning out of buds.

Mr. Hildreth's statement was based on some knowledge of conditions not only in Morgan county but also in the southern counties of the state. It was just as cold in the southern counties as it was here and there is no doubt but that damage to peach and apricot trees was done.

FUNERAL OF DR. LOGAN  
WILL BE HELD TODAY

Funeral services for Rev. Thomas Dale Logan, for twenty-five years pastor of the First Presbyterian church of Springfield, who died Sunday evening in Oconomowoc, Wis., will be held this afternoon. The remains of Dr. Logan arrived in Springfield Tuesday morning over the Chicago & Alton railroad and were removed to the family residence at Second and Jackson streets. The body was accompanied to Springfield by Howard Logan, son of Dr. Logan.

Friends of the deceased will gather by the hundreds to pay tribute to the memory of the beloved churchman, who, thru his intense activities in behalf of church work became one of the most prominent men in the state.

LARGE ATTENDANCE AT  
GRACE CHURCH REVIVAL

Many Hear Evangelist Billy LaMance Discuss Sin of Backsliding Tuesday Night.

There was a large congregation at Grace church last night to hear Evangelist LaMance talk on the sin of backsliding. When he announced that his theme Tuesday evening would be "Cooling Shadows" many wondered what it would mean. But the audience that gathered to hear him last night soon found what the term meant and to whom it applied.

The minister took as his text Revelations 3:15-16—"I know thy works, that thou art neither cold nor hot, and so because thou art neither cold nor hot, I will spew thee from my mouth." He said that these words suggest the idea of a sick stomach, but explained that while God has not a body, He has a spirit which knows grief and pain and is actually sick with disappointment and grief by the way his professed children play fast and loose with the world. Many passages of Scripture were quoted to prove the peril of presuming upon the mercy of God.

Mr. LaMance said: "There are many people who live in the experiences of the first days of the Christian life and yet have become backslidden in heart. Jesus said, No man having put his hand to the plow and looking back, is fit for the Kingdom of God." This is what the people of Israel did at Kadesh-Barnea, and they left their bones in the wilderness instead of reaching the promised land.

"Many forsake their ways of sin for a while but retain an affection for the old life, and are more than likely to leave the straight and narrow pathway. Among the causes of backsliding, first and foremost, I would mention neglecting the study of the Bible." The minister then paid a splendid tribute to the Bible study habit of the members of the Christian church, whom he thought lead most others in this particular. Another cause of backsliding, according to the evangelist, is a failure to take proper care of the church membership. Many in leaving the old neighborhood where they were active in the work of the church, leave their letters in the trunk and fail to associate with those active in Christian service in the new environment. They gradually drift away and lose faith in the things they once loved.

The evangelist told an incident of a Kentuckian who had been living a straight life but who was enticed away by the old crowd. He took a drink with them and soon was badly intoxicated. Returning home he attempted to cross a stream by "zooming" the foot log. He fell into the stream and upon reaching home explained to his wife that his drenched condition was due to the fact that in trying to "coon" the log he had "cooned" the log's shadow. The speaker declared that the backslider is also "cooning" the shadow.

MISS SARGENT WILL  
BE SPRING BRIDE

Well Known Local Musician Will Wed Wisconsin Man—Engagement Announcement Made in Unique Way at Party Tuesday Night.

When Miss Gladys Sargent invited a company of friends to her home, 412 South East street, Tuesday evening, in honor of Mrs. Phillip Harmon of Springfield, and Mrs. Hugh Sargent of Mercedosa, the guests had no idea of a surprise being in store for them.

So they were in no way prepared for the receipt of a telegram which a messenger brought in the midst of the evening's pleasure announcing the engagement of Miss Sargent to Mr. Merrill H. Newton of Sparta, Wis. From the wire message it was also learned that the wedding will be an event of the spring months, the guests had no idea of a surprise being in store for them.

Miss Sargent, was a student at Jacksonville high school and later of the Woman's college and the College of Music. Because of special musical ability Miss Sargent engaged in concert work and as soloist for the Festival orchestra has during the past year toured the central states. Her local musical work was supplemented with a course of study in Chicago. The success of Miss Sargent's work affords the best testimony as to her unusual ability and she is accounted a very popular young woman.

Mr. Newton is a son of Mrs. Fred M. Newton of Sparta, and graduated from the University of Wisconsin in 1916. He enlisted during the war and was commissioned a first lieutenant in the first officers' training camp at Ft. Sheridan. He was in the service for two years with the 129th machine gun battalion of the 35th division. At the university Mr. Newton became a member of the Phi Kappa Sigma fraternity.

Following his discharge from the army he entered business life and is now manager of M. J. Connelley & Co., explosive engineers, in Sparta. Like his bride, he is a musician and is well and favorably known in his home city.

For last evening's function the Sargent home was prettily decorated. In the dining room the centerpiece was of smilax and Russel roses, numerous candles giving the room a soft radiance. A delicious supper was served. In the social hour afterward, in one of the contests, prizes were awarded to Mrs. Bert McFarland and Miss Hazel Strawn. As indicated, the marriage of Miss Sargent and Mr. Newton will be solemnized at no distant date.

ON WABASH ROAD

Truck Jumped Tracks Near Paris, Mo., and Caused Minor Wreck—Narrow Escape for Passengers.

Wabash train No. 28, due in Jacksonville at 12:46, Tuesday morning did not arrive until 8:40. The delay was due to an accident which occurred near Paris, when one of the trucks on the tender jumped the track. The train was not running at a high rate of speed and the engineer was able to stop in a comparatively quick time.

Miss Lucy Catlin of Jacksonville, was one of the passengers and like the others had reason for thankfulness that the accident did not result in a serious wreck. The point at which the truck left the rails was not far from a curve and high embankment. Had the accident happened a few seconds later it is very likely that the train would have been thrown down the embankment, resulting in a heavy loss of life and property.

A freight train was following the passenger and its engine was used in pulling the coaches to the nearest station. In a few hours a wrecker was on the scene to clear the tracks. Later the freight engine pulled the passenger train into Hannibal, where another engine was secured.

V. M. C. A. CAMPAIGN  
STARTED TUESDAY

Only half of the V. M. C. A. teams were able to start work on the campaign yesterday, and only partial reports of the day's work was received by Secretary

Findley. However, a good start was made and \$475 in subscriptions received. The largest amount, \$146, was accredited to the A. D. Fairbank team, while Earl Spink's team reported \$100. It is expected that all of the teams will have some workers out today. The men reported yesterday that they found people interested and willing to assist in this work.

MR. PONTIUS ADDRESSED  
THE TUESDAY CLUB

The East Side Tuesday club held a meeting yesterday at the home of Mrs. James Kennedy on West Lafayette avenue. Rev. M. L. Pontius made the address of the afternoon, taking as his theme "The present industrial situation. This Jacksonville minister is a close student of economic and industrial conditions and speaks only after thorough investigation. He expressed the belief yesterday that unless workers are willing to accept lower wage levels that there must inevitably come increase in production.

It is a generally accepted fact that the wartime period and subsequent days show a marked decrease in the efficiency of workers.

WILL SEEK PARDON  
FOR M'COLLISTER

An effort is to be made to secure pardon for Edward McColister, who is now serving a sentence in the Morgan county jail. The hearing before the division of pardons and paroles has been set for Tuesday, April 12. State Attorney Robinson has received formal notice of the hearing and will vigorously oppose the release.

DISASTROUS FIRE  
AT VIRGINIA TUESDAY

Public Library Burned to Ground at Early Hour Yesterday Afternoon—Books and Furniture Saved With Slight Exception.

Virginia, March 29.—The Virginia Public Library was burned to the ground at 1:30 today. The entire stock of books and furniture was saved with the exception of one case of books and some dishes and other articles belonging to the Church Helpers, who occupied a portion of the building.

The building is known as Cumberland Presbyterian church and is the property of the First Presbyterian church, which carried insurance that will partially cover the damage.

The parsonage adjoining was also badly damaged by fire and water. It was occupied by L. M. Paschall whose household effects were carried out when hope of saving the house was given up. The family is quartered for the present in the W. C. Bowman home.

The Library carried insurance on the stock and as soon as a building can be secured will again be open to the public.

The city had just purchased a new Ford fire truck and did splendid work on their initial trip. The wind was just right to cause a disastrous fire. A number of sheds and barns caught fire from flying sparks.

Fred Craven Ships Household Goods to New Location — Rook Club Meets — Other Chapin Items of Interest

Chapin, March 29.—Miss Mary Emerick of Beardstown, was a week end guest at the home of Mr. and Mrs. P. H. Ham.

Miss Gladys Knopp, R. N., of the Passavant hospital, spent Sunday with her mother, Mrs. Della Knopp.

Fred Craven shipped his household goods to Versailles, where he will put them in storage while waiting for the property he recently purchased there to be vacated.

Charles Thomason moved into his new home Monday.

Mrs. Andrew Allen and Mrs. E. H. Nienhuesser are shopping in St. Louis Wednesday and Thursday.

William Fry left Tuesday for Litchfield, to take up his work as manager of an elevator.

Mr. and Mrs. Charles Leitze, Mr. and Mrs. Monte Kunk and Miss Mary Black were guests of John Taylor for Sunday dinner at the Scott hotel.

Mr. and Mrs. Bernard Allen stopped in Chapin Monday night on their way home to Versailles, after spending Easter with friends at Hoopeston, Ill.

The Rook club met with Mrs. F. Roberts Monday night.

Quite a few were in attendance at the sunrise prayer service at the Christian church Sunday morning.

The 11 o'clock Easter service at the M. P. church was quite well attended and the beautiful music was very much enjoyed and quite a good offering—\$154.10—was given for benevolence.

Mr. and Mrs. C. B. Joy very delightfully entertained at a five hundred party on Tuesday evening.

Mrs. Elmer Adams of Clinton, Iowa, who has made an extended visit with her mother, Mrs. John Moody, expects to return to her home today. Mrs. Adams will be accompanied by her sister, Mrs. Frank Brockhouse.

## RHEUMATISM

A Remarkable Home Treatment Given by One Who Tried It

In the year 1892 I was attacked by Muscular and Sub-Acute Rheumatism. I suffered as only those who have thus afflicted know for over three years. I tried remedy after remedy, but such relief as I obtained was only temporary. Finally I found a treatment that cured me completely and such a pitiful condition has never returned. I have given it to a number who were terribly afflicted, even bedridden, some of them seventy to eighty years old, and the results were the same as in my own case.

I want every sufferer from any form of muscular and sub-acute (swelling of the joints) rheumatism, to try the great value of my improved "Home Treatment" for its remarkable healing power. Don't send a cent, simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked for means of getting rid of such forms of rheumatism, you may send the price of it, One Dollar, but understand I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer, when relief is thus offered you free? Don't delay. Write today.

## Always Use

## American Hammered Piston Rings

"The London Engineer," of London, a recognized authority, says:

"The best way of getting gas-tightness is to obtain a ring properly calculated and properly manufactured, of high tensile cast iron, fitted to make a close joint in the cylinder under working temperature, and hammered to give even radial distribution of pressure."

Every American Hammered Piston ring is hammered when cold, by our exclusive patented Automatic machines, creating the permanent, outward tension, by compressing them under the ball-point hammer marks. This assures "even radial distribution of pressure." Heat not being used to obtain this tension, heat cannot take it away.

Gas-tightness in the cylinders of your motor will save Gas, Oil, and Increase Power.

## GREENE COUNTY TOWNSHIP TO ELECT SUPERVISORS

White Hall, March 29.—There is some interest in the township election on April 5th, there being a contest for supervisor between two experienced campaigners, J. W. Campbell and Joseph M. Schler. Campbell is at present serving by appointment as assistant supervisor to W. V. Rhodes, whose health has been poorly for the past few months. There are two justices of the peace to be elected, and the candidates are Francis Fowler and E. S. Barnard. Two constables are also to be elected, but only one candidate, G. W. Clouder, has filed. Clouder is night policeman. Two library trustees are to be elected but there is no contest, the names of Marcus McColister and Marcus North having been placed on the ballot.

Seven townships in Greene county are to elect supervisors, and the list together with the names of the supervisor whose terms expires is as follows: Athensville, James Griffith; Linder, M. C. Kelly; Patterson, Charles R. Angie; Rockbridge, George F. Batty; Walkerville, A. C. Howard; White Hall, W. V. Rhodes; Woodville, M. L. Davidson.

## EASTER SERVICES AT WHITE HALL CHURCHES

White Hall, March 29.—The Knights Templar from Carrollton in uniform were to attend services at the Christian church Sunday morning, this being the last Sunday of the pastorate of Rev. E. C. Lucas, who leaves this week for his new charge at Lawrenceville. The rain prevented the attendance of the visitors from the county seat, which would also include a number of members residing at Roodhouse.

Easter cantatas were held in the evening in the Christian and Methodist churches, the Presbyterians holding a 5 o'clock service in order that the members might attend other churches. The First Baptists carried out a special evening program that represented the best talent for which that congregation is well known. There was no special ob-

## FOR MOTHERS

Bloomington, Ill.—"Dr. Pierce's Favorite Prescription" proved very beneficial to me as a tonic. During expectancy I became all run down, weak and so nervous I could not sleep. I had no appetite, was feeling miserable all over when I decided to take the Favorite Prescription. It soon built me up in strength, all nervousness left me, I could eat and sleep and felt like a different being. If more women would take this medicine there would be fewer ailing."

Oversize and Power at Low Cost 23rd Year

When you want to use it, you will be agreeably surprised to find a surplus of power in the Oldsmobile Four that will carry you thru any emergency of road or traffic.

And that the tonneau has actually as much space as some seven-passenger cars.

The reason is that the Oldsmobile Four was designed deliberately for the average American family,

who like a moderately-priced car of size and power beyond what they normally need.

And it is also built to endure so stoutly that the pleasure of the final cost of the extra service will eclipse even that of its attractive purchase price.

It will well repay your time to let us show you why the Oldsmobile Four is so readily accepted as a better value.

# LEADING AUTHORITIES NOW SHOW JUST WHAT TANLAC REALLY IS

Physiological Action of  
Principal Ingredients of  
Celebrated Medicine On  
the Human System is Ex-  
plained.

SUPREMACY CLAIMS  
WELL SUPPORTED

Many of the Medicinal Ele-  
ments Have Been Known  
and Used Since Civiliza-  
tion First Began.

Tanlac, the celebrated medi-  
cine which has been accom-  
plishing such remarkable re-  
sults throughout this country and Canada,  
is composed of the most benefi-  
cial roots and herbs known to sci-  
ence. The formula is purely eu-  
ropean and complies with all National  
and State Pure Food and  
Drug Laws. Altogether, there  
are ten ingredients in Tanlac,  
each of which is of recognized  
therapeutic value.

Many of these ingredients have  
been individually known and  
used since civilization first be-  
gan, and some of them have been  
used and prescribed by leading  
physicians everywhere, but until  
they were brought together in  
proper proportion and associa-  
tion, as in the Tanlac formula,  
humanity had not heretofore re-  
alized their full value and ef-  
fect.

In referring to one of the more  
important ingredients of Tanlac,  
the English Encyclopedia Britan-  
ica says: "It has been the  
source of the most valuable tonic  
medicines that have ever been  
discovered." In referring to  
others of the general tonic drugs  
contained in Tanlac, the 13th  
Edition of Potter's Therapeutics,  
a standard medical text book,  
states that "They impart general  
tone and strength to the entire  
system, including all organs and  
tissues."

This same well-known author-  
ity, in describing the physiologi-  
cal action of still another of the  
ingredients of Tanlac, which is  
of value in treating what is com-  
monly known as "a run-down  
condition," uses the following

expression: "It is highly es-  
teemed in loss of appetite during  
convalescence from acute dis-  
eases."

There are certain other ele-  
ments in Tanlac which, because  
of their influence upon the app-  
etite, digestion, assimilation and  
elimination, improve the nutri-  
tion and vital activity of the tis-  
sues and more important organs  
of general tonic which is called  
Health.

The United States Dispens-  
ary makes the following com-  
ment regarding another ingredi-  
ent: "It may be used in all  
cases of pure debility of the di-  
gestive organs or where a gen-  
eral tonic impression is required.  
Dyspepsia, atonic gout, hysteria  
and intermittent fever are among  
the many affections in which it  
has proven useful."

There are certain other ingredi-  
ents described in the Dispens-  
ary and in other standard medi-  
cal text books as having a ben-  
eficial action upon the organs of  
secretion, whose proper function-  
ing results in the purification of  
the blood streams passing thru  
them. In this manner objec-  
tionable and poisonous ingredi-  
ents of the blood are removed  
and the entire system invigor-  
ated and vitalized.

Tanlac was designed primarily  
for the correction of disorders of  
the stomach, liver and bowels.  
At the same time, however, it is  
a powerful reconstructive tonic  
and body builder, for it naturally  
follows that any medicine that  
brings about proper assimila-  
tion of the waste products must,  
therefore, have a far-reaching  
and most beneficial effect upon  
the entire system.

Altho Tanlac's claims for su-  
premaccy are abundantly sup-  
ported by the world's leading  
authorities, it is the people  
themselves who have really made  
Tanlac what it is. Millions upon  
millions have used it with grati-  
fying results, and have told other  
millions what it has done for  
them. That is why Tanlac has  
become the real sensation of the  
drug trade in this country and  
Canada, and that is also why it  
is having the largest sale of any  
medicine of its kind in the world  
today.—Adv.

cord, were attending to business  
matters among city merchants

## Let Us DEMONSTRATE in your home the EUREKA Electric Vacuum CLEANER

It gets all the dirt and  
not the carpet

# The Eureka

## Reduces Work and Saves Time

More Eureka Vacuum Cleaners  
are sold today than any other  
cleaning machine of its type.

A new factory with an output of  
1,000 machines a day was neces-  
sary to meet the demand.

Housewives the world over, by  
their preference for Eureka,  
have created this demand.

They appreciate the Eureka be-  
cause it is an air cleaner and air  
is an ideal cleaning agent.

Brooms and brushes get only  
surface dirt. With the Eureka  
air is forced, or "sucked," thru  
the fabric into the machine, car-  
rying all the dirt with it.

The Eureka supremacy lies in  
the fact that its motor draws a  
larger volume of air at a greater  
velocity, hence it cleans deeper  
and more thoroly.

A demonstration in your home  
will explain this clearly and  
quickly.

## EASTER PAGEANT AT MEREDOSIA CHURCH

Fine Program Given Sunday Evening at M. E. Church—Cleveland Residents Visit Relatives in Meredosia—Other Items.

Meredosia, Ill., March 28.—An Easter pageant entitled "The Dawning" was given at the M. E. church Sunday evening by members of the congregation. The background for the pageant consisted of the representation of the city of Jerusalem, also the wall around it. Thru the gateway into the city and above the wall could be seen the temple and other buildings of the city.

There were three scenes in the pageant, the resurrection, the day following and the ascension day. Among the characters represented were the Roman guards, the centurion, the lame man and his daughter, Rhoda, Mary Magdalene and the women who were with her at the tomb, groups of Jerusalem women and children and the disciples.

Much credit is due each and every one who took part. The whole program was handled splendidly.

The beautiful work done in the sketching of the City of Jerusalem which served as the background is accredited to Miss Anna Easley, whose drawings equal those of many of the high priced cartoonists.

Jack Warner of Danville Soldiers' home is visiting relatives here.

Mrs. R. B. Wilday, who has been spending the winter in Peoria, is here for a short stay.

Mrs. Lena Luan and daughter arrived Sunday morning from Pittsburgh, Penn., where they have been visiting and after a short stay here with her mother.

Mrs. F. W. Deppe and daughter, Helen of Springfield came down Friday for a few days visit with her parents, Mr. and Mrs. A. E. Ritcher.

Mrs. Ed Wackerle and daughter, Marjorie of Jacksonville came Friday for a visit with relatives and Sunday Marjorie took sick with scarlet fever so will now remain for some time here.

F. W. Deppe and Miss Nellie Ritcher of Springfield came Saturday visiting home folks and were accompanied home Sunday evening by Mrs. Deppe and Helen.

GETS SHAMROCKS  
Mrs. Margaret Hennessey of 731 North East street, has received from Ireland a box of shamrocks. Altho not arriving in time for St. Patrick's day, she appreciates them highly just the same.

## JOHN CLAUS TO WED CHAPIN YOUNG WOMAN

Announcement of Approaching Marriage of Local Man to Miss Addie Fox of Chapin Made Saturday Afternoon—Other News Notes from Chapin.

Chapin, March 29.—Mrs. J. M. Fox gave a delightful Easter party Saturday afternoon at the home of Mrs. J. L. Addison, at which time the announcement of the approaching marriage of her daughter, Miss Addie, to Mr. John W. Claus, of Jacksonville, was made.

The afternoon was pleasantly spent in music, games and contests, prizes being won by Mrs. E. H. Nienhueser and Miss Isabelle Fox.

A dainty two-course luncheon was served, suggestive of the Easter season. The announcement was cleverly concealed in Easter favors. The wedding will take place in April.

THREE EPOCHS IN  
WOMAN'S LIFE  
There are three critical stages in a woman's life which leave their marks on her career—the first when she changes from a care-free girl to a woman, the second motherhood, and the third is change of life. Most of the misery which comes to women through ill health dates from one or another of these periods, but women should remember that Lydia E. Pinkham's Vegetable Compound is a reliable remedy and has been very successful in overcoming the ailments which may come to them at these times, as it is a natural restorative for such conditions.

Nearly half a century of successful Lydia E. Pinkham's Vegetable Compound to the respect and confidence of every fair-minded woman.

## TO LILLIAN Stars that glow in desert skies Lurk, half hidden, in your eyes. Wine, as red as prince e'er sips. Pulses, tempting, through your lips. Rosebuds like the May Queen seek, in your full-blown Blossom in cheeks. Springtime breezes, free from care, Spun and waved your flowing hair. Laughter sets your face aglow; Lead me, love, and I will go. Wayne Ggard in Chicago Tribune.
